IMPORTANT NOTICE REGARDING YOUR ACCOUNT

Recent FCC rules RESTRICT us from discussing telephone account information with ANYONE except the person whose name is on that account. The name or names that appear on your telephone bill are the account holder's name(s). If you are not, at the very least, listed as a contact person on the account we will not be able to discuss any account information, take orders for service changes or take repair requests from you. Some requests may even require identification verification.

There is a form below to add someone to your account as a contact person. We strongly suggest you add a contact if you live alone. The contact's name does not need to appear on the billing or in the directory. Please take a few minutes to think about who you want to be listed as an authorized contact on your account and return the form to us. This applies to telephone and wireless accounts. Cable TV accounts are not affected at this time. If you have questions regarding account contacts please call us at 641-487-7399.
